

NEAT & WILD

Cheshire
Wildlife Trust

Leaving wild spaces doesn't have to look messy.
Why not try one of these?

THE SPOTLIGHT

Mow a central patch and leave the edges to grow long. A perfect spot to relax.

GOOD FOR:

Spaces that are used often.

THE PATH

Mow a narrow path through the wild patch. A curved pattern gives a more natural feel.

GOOD FOR:

Long narrow spaces.

THE FRAME

Mow a strip around the edge of the lawn to make a neat and tidy frame. Neat on the outside, wild on the inside!

GOOD FOR:

Large spaces and around features.
